

Natural Gas and Oil Pricing Checklist

1. Natural Gas –Firm Gas

- Titan Energy needs the most recent copy of your natural gas bill for each natural gas account.
- Fill out the Customer Contact Info sheet.
- Fax this information directly to Titan Energy, attention to John F. Kearney, Jr., President, or Jerry P. Hawkins, Vice President. Fax number for John is 860.436.3459 and for Jerry is 603-642-6477.
- Titan Energy will put together an analysis and present both a market based price (NYMEX plus basis), and a fixed price. Contract terms can be for one through three years depending on the supplier.
- Pricing is usually turned around in two or three days.

2. Interruptible Gas Service

- Titan Energy will evaluate your Interruptible Service Rate to see if you are flexing your price properly to your oil price. This can lower your interruptible natural gas cost.
- Titan Energy will evaluate a BTU based contract. This is a combination of natural gas and oil.
- Titan Energy will provide guidelines to flexing your monthly utility price to assure you are receiving the lowest possible price.

3. Oil Pricing

- Titan Energy will price #2, #4, and #6 oil.
- Price is based upon projected annual volume and tank size.
- The Titan Energy oil price can be used to flex your interruptible natural gas price.

If you have questions please contact John F. Kearney, Jr. at 860.436.2768 or email at jkearney@titanenergyne.com or Jerry Hawkins at 603-642-9591 or email at jhawkins@titanenergyne.com.
